

Sales Team Performance Review — H2 2025

July – December 2025 · Internal · Confidential

OVERVIEW

Northwind Traders employs nine sales staff. This review covers H2 2025 (July – December 2025) performance for all nine members of the sales organisation. Revenue figures reflect orders attributed to each representative's account portfolio. Targets are set semi-annually by Andrew Fuller (VP Sales).

H2 2025 PERFORMANCE SUMMARY

Employee	Title	Joined	H2 Orders	H2 Revenue	vs Target
Janet Leverling	Sales Representative	Apr 2020	82	\$134,200	+18%
Margaret Peacock	Sales Representative	May 2021	68	\$118,950	+14%
Robert King	Sales Representative	Jan 2022	54	\$98,430	+6%
Nancy Davolio	Sales Representative	May 2020	61	\$87,620	+4%
Michael Suyama	Sales Representative	Oct 2021	47	\$79,340	+2%
Andrew Fuller	VP Sales	Aug 2020	42	\$72,180	N/A
Laura Callahan	Inside Sales Coord.	Mar 2022	39	\$58,960	–3%
Steven Buchanan	Sales Manager	Oct 2021	28	\$43,720	–8%
Anne Dodsworth	Sales Representative	Nov 2022	26	\$38,890	–4%
Total (team)			447	\$732,290	

INDIVIDUAL PERFORMANCE NOTES

Janet Leverling — Outstanding

Janet Leverling (Sales Representative, joined April 2020) led the Northwind Traders sales team in H2 2025 with 82 orders and \$134,200 in attributed revenue, 18% above her semi-annual target. Leverling managed the Save-a-Lot Markets (Boise, Idaho) account — the company's largest — and reactivated Morgenstern Gesundkost (Munich, Germany) after an 18-month account dormancy, generating \$8,340 in new H2 revenue. Recommended for Senior Sales Representative designation effective January 2026 and inclusion in the March 2026 German trade visit.

Margaret Peacock — Exceeds Expectations

Margaret Peacock (Sales Representative, joined May 2021) delivered 68 orders and \$118,950 in H2 2025 revenue, 14% above target. Peacock has exceeded her semi-annual target for three consecutive periods. Her primary market is Germany; Peacock holds relationship management responsibility for QUICK-Stop (Cunewalde) and will assume lead status for all Northwind Traders German key accounts from January 2026,

as approved by Andrew Fuller (VP Sales) in December 2025.

Robert King — Meets Expectations

Robert King (Sales Representative, joined January 2022) generated 54 orders and \$98,430 in H2 2025 revenue, 6% above target. King's territory focuses on Austria and Switzerland; his management of the BOTTM-Fuest account produced the third-highest single order value of Q3 2025. King is on track for Senior Sales Representative designation in H1 2026.

Laura Callahan — Development Plan in Place

Laura Callahan (Inside Sales Coordinator, joined March 2022) managed 39 orders and \$58,960 in H2 2025 revenue, 3% below target. The shortfall is partially attributable to the reallocation of two catalogue accounts to field representatives in August 2025. Callahan's operational metrics (order processing accuracy, customer response time) remain strong. A revised H1 2026 target has been agreed with Andrew Fuller to reflect the adjusted account portfolio.

Steven Buchanan — Territory Under Review

Steven Buchanan (Sales Manager, joined October 2021) generated 28 orders and \$43,720 in H2 2025 revenue, 8% below target. Buchanan manages the UK and Ireland territory in partnership with Anne Dodsworth. The shortfall reflects the UK market's slower growth rate relative to Continental Europe, rather than underperformance within existing accounts. Two large UK prospects are in late-stage qualification. A revised territory plan and target recalibration for H1 2026 are scheduled for February 2026.
